SNAKE B GON™

**SNAKE
REPELLENT GRANULES**
REPELENTE EN GRÁNULOS CONTRA CULEBRAS

Long Lasting • "No Stink" Formula

EASY STEPS TO PREVENT SNAKE ENTRY, NESTING AND FORAGING!

DIRECTIONS:

- Remove seal under cap, and replace shaker top.
- Hold bottle with shaker top pointed forward and down. Shake bottle side to side to dispense.
- Liberally apply to turf and soil around flowers and other plants, making sure to apply an even amount. When using on edible crops, apply the product when no above-ground harvestable food commodities are present, including blossoms. Treat tunnels and dens by applying to openings.
- Repeat application as needed, usually every 30 days.
